

**POST-EVENT PROCEEDINGS
FULL VIDEO & AUDIO RECORDINGS OF PRESENTATIONS**

The Biometrics 2009 conference sessions will be filmed again this year and all the speeches will be made available for download, via a password protected website, within 10 days after the event closes. It will feature all* the Powerpoint presentations, alongside which will be the audio feed and video footage of the speaker. When you click on the presentation, the delivery will be the same as it was at the actual event.

If you were not a conference delegate and would like to purchase single user access to the post event proceedings, please use the order form below.

*There might be a few exceptions, where speakers have informed us that they do not wish to be filmed – but this will apply to just a few presentations. In these instances, we will endeavour to include the presentation slides only.

I would like to order one user access to the Biometrics 2009 Post Conference Proceedings at £295.00+VAT (£346.63).
